Programs of the Foundation

Leaders of Today Inspiring Leaders of Tomorrow

The Chamber Foundation is the bridge between the world of learning and the world of work, and has three pillars: youth education, community leadership and small business development. The Foundation, a 501(c)(3) organization, has six programs—each the result of community investment in building prosperity.

Community-wide effort to improve public health and safety throughout Thurston County. This initiative ensures that we live in a strong and healthy community and that everyone has a part to play in it. That we have clean air and fresh water, pleasant neighborhoods, fresh and nutritious food, great schools, living wage jobs, affordable housing and thriving kids and families.

Proving opportunities for job pathways, work readiness, and positive youth development for a strong and successful community.

Creating jobs by helping entrepreneurs and small businesses access to resources they need for growth & long term success.

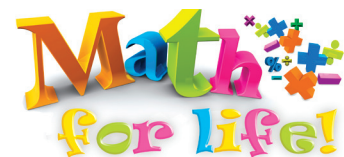

Dedicated to developing informed, connected & committed community leaders. A 9-month program featuring monthly community education challenge days.

For more information about the Chamber Foundation visit our website at thurstonchamber.com/chamber-foundation

Career day connecting students to area professionals available at no cost to the 1,000 high school students and parents that attend.

Partnership between local business and school districts to promote real-life math skills in a scavenger hunt form, across the county, including rural areas.
