

Find Your Future is a community career exploration event aimed to break down obstacles, barriers, and stigmas associated with employment and provide opportunities for career exploration for both students and adults of all ages.

A one-day expo-style event where the community comes together in a space welcome to families and students of all ages to learn about the diverse career options available.

Businesses from various industries will be showcasing at least one job opportunity in their company, and attendees will have the opportunity to participate in hands-on activities to experience different career pathways. Attendees can meet with employers face-to-face in a less formal setting, find inspiration to think about future careers, identify current job opportunities, and gain new insights into occupations that some may not have previously known existed or thought were attainable to them.

Visitors can come and go throughout the day as there will be an ongoing welcome video at the entrance. Optional breakout sessions on finding education and apprenticeships will occur during set times in the auditorium for a more detailed orientation. Food will also be available for purchase during the event.

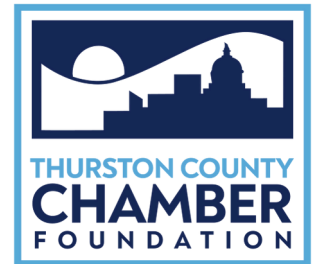

Saturday, April 26, 2025, 10:00AM - 2:00PM
