

## April is Math Awareness Month!

Math for Life’s goal is to promote real-life math skills through a program that connects the business community and schools K-12. Students go on a scavenger hunt to local businesses and learn about how they use math! Students and teachers who participate have an opportunity to win fun prizes!

To celebrate and engage our students and community around real-life math applications, the Thurston County Chamber Foundation is promoting our 14th Annual “Math for Life” event for students in the Griffin, North Thurston, Olympia, Rainier, Rochester, Tenino, Tumwater and Yelm School Districts – as well as private schools. Last year, we had over 1,000 students participate in this event!

# Saturday, March 28 – Sunday, April 12, 2026
